Handouts for *How much money do you need?*

Your Monthly Expenses & Revenues

Use the following table to write down all the expenses you have during an average month. Do not leave anything out!

EXPENSE (what do you need the money for?)	**Category (why do you need the money?)**	**Amount (how much do you spend on it, per month?)**
*Ex. 1: Buying lunch at school (20 days*10 euros)*	*Food*	*200 euros*
Ex. 2: Books	*Education*	*50 euros*
*Ex. 3: Going out with friends (twice per week *20 euros)*	*Fun*	*160 euros*
	TOTAL	

REVENUE source (from where you have the money?)	**Amount / month**	**How money were made?**
Ex. 1: monthly stipend from parents		Parents' monthly salary / from parents' business
Ex. 2: a monthly salary from your job		From the company's revenues (like from the sales of the company)

Your monthly balance: REVENUES – EXPENSES =…… EURO

*The balance should be ≥0.
